

## Elementary School Cross-Country Results

WOW! When it comes to participation, the elementary schools seem to have it all! I went through all the results from the HWDSB, looking for the names of any of our YDP and MTA athletes. Quite a lot of them were listed, including a few of our sprinters. When time allows, I shall try to get the results from the HWCDSB, too.

There are two sets of elementary schools: senior and junior. The senior school results go by divisions (1, 2, 3) and are broken down by grade: bantam (grade6), junior (grade7) and senior (grade8). The juniors have colour names (white, red, blue and green), but are also divided by grades: myte (grade3), tyke (grade4), novice (grade5) and atom (grade6) – the latter only being in the white division.

For the **SENIOR ELEMENTARY SCHOOLS**, all division ran the same distance: 2500m

Here are the number of participants.

	<u>Division 1</u>	<u>Division 2</u>	<u>Division 3</u>	<u>Totals</u>
BG	91	95	77	263
JG	115	88	65	268
SG	111	95	79	285
BB	113	110	92	315
JB	127	93	77	297
SB	139	98	76	313
<b>Totals</b>	696	579	466	<b>1741</b>

When you see the results of our athletes, the numbers in their respective sections make their accomplishments quite amazing. This is a testimony not only to the athletes themselves, but also to the work that has been done with our coaches.

**WELL DONE, EVERYONE!**
